

Environmental Policy

We are committed to meet all statutory and legal compliance and environmental affairs leadership in our business activities.

To achieve our aim, we

- Become an environmentally responsible neighbour providing pollution free operations in the communities where we operate.
- Conserve natural resources namely water, electricity and fuel as low as possible without any intentional waste.
- Ensure our production and service activities do not have any adverse effect on the environment.
- Strive to continually improve EMS by enhancing environmental performance.

A handwritten signature in purple ink, appearing to read 'Paresh Patel'.
